Wayne Morris, Tax Assessor, was present and said that an error had been made in coding; that the correct soil type is on the fair market value, but was not carried over for conservation purposes; that the error has been corrected. In response to questions, Mr. Morris explained about the soil productivity rating, said that the error originally started in 2004. Mr. and/or Mrs. Pate were not in attendance. Following discussion, which included that State law allows refunds for the most recent three years, the motion to approve the refund requests for 2015, 2014 and 2013 and to deny the refund requests for 2012, 2011 and 2010 was made by Commissioner Chewning, seconded by Commissioner Loudermilk, and passed unanimously.

He asked that authorization be given to sell the items on GovDeals or other means. Following a brief discussion, the motion to declare the list of vehicles and equipment as surplus and to authorize the sale of same via GovDeals or other means was made by Commissioner Woods, seconded by Commissioner Langston, and passed unanimously.

He said that the estimated cost to construct the addition will range from \$44,803 to \$53,355; and that because the business needs to be out of their current location within 45 days, he is requesting the bid process be waived and for the airport consultant (Pond & Co.) to obtain quotes for same. Following discussion, the motion to waive the bid process, to construct the addition to the hangar, and to use the lowest and best quote for the addition was made by Commissioner Woods and seconded by Commissioner Langston. Commissioner Chewning asked if the addition would be constructed only after confirmation has been received from the business, and Mr. Wood said that was correct. The motion passed unanimously.

8. **COUNTY ATTORNEY**

- A. **Radio Tower Co-Locate Agreement: Dean's Commercial Two-Way.** John Taylor, County Attorney, said that this agreement is regarding a radio tower located on Seldon Street in Waverly Hall. Commissioner Loudermilk amended his motion to include the corrections and revisions and Commissioner Woods amended his second for same. The motion passed unanimously.
