

A photograph of a man and a woman sitting on beach chairs on a sandy beach, looking out at the ocean during a sunset. The sun is low on the horizon, creating a warm, golden glow. The man is on the left, and the woman is on the right. They are both wearing dark clothing. The background shows the ocean waves and a clear sky with some light clouds. The image is framed by a large blue triangle that points downwards from the top right corner.

DEFINED BENEFIT PLAN

Summary of Plan Provisions

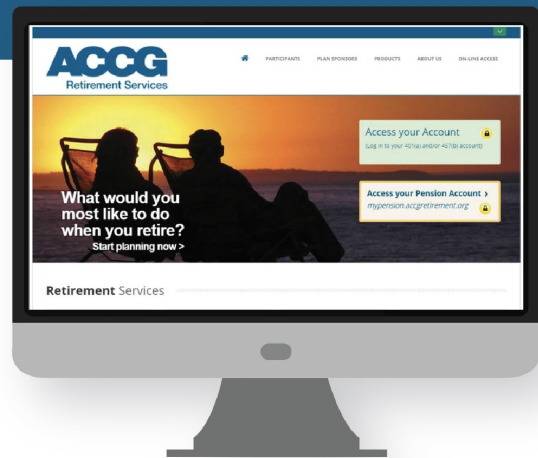

WHAT IS A DEFINED BENEFIT PLAN?

A defined benefit plan is the most popular type of primary plan offered by local governments in Georgia. It is considered the most traditional type of retirement plan, and may be used alone or in conjunction with other types of plans and Social Security to provide income for participants at retirement.

This type of plan is called a “defined benefit” plan because the retirement benefits you will receive are set, or “defined” by the terms of the plan. Typically, the benefit amount is based on a formula that takes into account your salary and years of service in the organization. The plan provides a fixed monthly benefit payment for life, or you may choose from several other payment options that will determine the amount of your monthly benefit. Based on the payment options offered and selected, payments may also extend to your beneficiary after your death.

In conjunction with a defined benefit plan, your employer may also provide a secondary or supplemental retirement savings plan. Commonly referred to as a deferred compensation plan, or 457(b) plan, employees may contribute a portion of their pay, before taxes are deducted, into an individual investment account controlled by the employee. It is designed to provide another retirement savings avenue.

Of course, with these opportunities to save for your retirement also comes responsibility. You are strongly encouraged to take full advantage of available retirement plans provided by your employer. It may mean the difference between a comfortable retirement and a meager one for you and your family.

HARRIS COUNTY DEFINED BENEFIT PLAN For General Employees

WHEN CAN I BECOME A PARTICIPANT IN THE PLAN?

Eligible General Employees, as defined by the plan, who work at least 36 hours per week, become a participant in the plan on Date of Hire. Participants will contribute 1.75% of compensation on a Pre-tax basis to the plan.

WHEN WILL I BE VESTED IN MY BENEFIT?

Plan participants have a vested benefit after 5 years of Vesting Service. Vesting Service is years, months, and days of service, as adopted by the county.

WHEN CAN I RETIRE?

Your Normal Retirement Date is the date you are eligible to receive full benefits under the plan. This is the later of age 65 or 5 years of Vesting Service.

HOW MUCH WILL I RECEIVE IF I RETIRE ON OR AFTER MY NORMAL RETIREMENT DATE?

The following benefit formula is used to calculate the monthly benefit payable at your Normal Retirement Date:

2% of Final Average Compensation for years of Credited Service after 7/1/2022
 Plus for years of Credited Service before 7/1/2022:
 0.75% of Final Average Compensation up to \$6600
 Plus 1.25% of Final Average Compensation above \$6600, Plus \$36
 This total is multiplied by years of Credited Service (Maximum 35 years)

Example: \$40,000 Final Average Compensation and 20 years of Credited Service
 (10 years before 7/1/2022 and 10 years after 7/1/2022)

.02 multiplied by \$40,000 multiplied by 10 years of Credited Service:	\$8,000
0.0075 multiplied by the first \$6,600:	\$50
0.0125 multiplied by the \$33,400 (amount over \$6,600)	\$417
Plus a flat dollar amount of \$36	\$36
Subtotal multiplied by 10 years of Credited Service	\$5,030

Sum of the benefit for service prior to 7/1/2022 and after 7/1/2022 =
 \$13,030 annual benefit or \$1,086 per month.

Final Average Compensation – The average of your compensation received during the 60 highest paid consecutive months out of the last 120 months prior to termination of employment with the county.

Years of Credited Service – Years, months, and days of service, as determined by the county, used to calculate your benefit.

IS THERE AN EARLY RETIREMENT OPTION?

Unreduced:

You may be eligible to retire without any reductions at age 55 and the sum of age plus Vesting Service is 75.

Reduced:

You may be eligible to retire on a reduced basis at the later of age 60 or 10 years of Vesting Service. This benefit will be actuarially reduced because you will receive the benefit over a longer period of time. The reduction factors range from approximately 10% for 1 year early retirement to approximately 40% for 5 years early retirement.

Example: Monthly benefit of \$1,086 payable at normal retirement
 1 year early – the benefit is approximately \$977 per month (10% reduction)
 3 years early – the benefit is approximately \$796 per month (27% reduction)
 5 years early – the benefit is approximately \$652 per month (40% reduction)]

WHAT HAPPENS IF I TERMINATE EMPLOYMENT BEFORE I'M ELIGIBLE FOR RETIREMENT?

If you terminate employment prior to your Early Retirement Date or Normal Retirement Date and you are vested, you will receive either: (1) your monthly benefit when you reach your Normal Retirement Date; or (2) a one-time lump sum voluntary benefit if the value of your benefit is less than \$10,000. If not vested, you will receive a refund of your contributions with interest. You will receive an automatic lump sum benefit if the value is less than \$1,000. With either the lump sum benefit or a refund of contributions, no additional benefit will be paid from the plan.

WHO DO I CONTACT TO APPLY FOR A BENEFIT?

RETIREMENT

Approximately two months prior to your retirement, contact your Human Resources Department and complete the proper paperwork. The Jurisdiction will forward the completed forms to ACCG Retirement Services for processing.

DEATH BENEFIT

Your Human Resources Department should be notified of the death of any active or former employee. If there is a death claim, the Jurisdiction will assist the beneficiary in completing the forms, which will be sent to ACCG Retirement Services for processing.

ARE THERE ANY DISABILITY BENEFITS?

Prior to applying for disability from the plan, you must receive the Social Security Disability Award Letter (“Award Letter”), which declares you totally and permanently disabled. You may be eligible to receive a disability benefit from the plan if, on the date specified in the Award Letter, you are an active employee and have at least 10 years of Vesting Service with the county. The plan administrator may require you to submit evidence of continued eligibility for disability pension at any time.

If you qualify for disability, your first check is payable the later of age 50, or the effective date of the first Social Security Disability monthly benefit, or the first of the month following your termination date.

Your disability benefit is calculated the same way as your retirement benefit. When you reach your normal retirement date, your disability benefit from the plan will terminate, and you will start receiving your retirement benefit.

ARE THERE ANY BENEFITS FOR MY BENEFICIARIES?

Most, but not all plan participants, will be able to provide some level of benefits for their beneficiaries. Beneficiaries are governed by the plan. It is very important to keep your beneficiary designation up-to-date. Please contact the county when you need to change your beneficiary.

FOR RETIREES

1. When you apply for your retirement, you may elect a form of benefit payment that will provide a monthly benefit to your beneficiary after your death.
2. If you start receiving your retirement benefit immediately after terminating employment, you may qualify for the lump sum death benefit that is payable to your beneficiary after your death. This is not a life insurance policy and may be taxable to your beneficiary. The amount of death benefit is equal to a multiple of 50 times your monthly pension benefit, with a maximum benefit of \$15,000.

FOR ACTIVE PARTICIPANTS

If you die while still employed by the county, in most cases there is a death benefit equal to 50 times your monthly benefit projected to normal retirement date, with a maximum benefit of \$50,000.

FOR TERMINATED PARTICIPANTS

If you are vested in your benefit when you terminate employment from the county, and die prior to receiving your retirement benefit from the plan, your beneficiary will receive a lump sum benefit equal to 50 times your monthly pension benefit projected to normal retirement date, with a maximum benefit of \$50,000.

FOR DISABLED PARTICIPANTS

If you are receiving a disability benefit from the plan, and die prior to your normal retirement date, your beneficiary will receive a lump sum payment equal to 50 times your monthly disability benefit, with a maximum benefit of \$50,000.

▶ WHEN I RETIRE, WHAT PAYMENT OPTIONS ARE AVAILABLE?
