HARRIS COUNTY HISTORY

Long before Harris County came into existence, the area played an important part of Creek Indian affairs. William McIntosh played an important role in the affairs of Georgia. He was the son of British Army officer and cousin of Georgia Governor George M. Troup. McIntosh, from Creek Indian decent, rose from obscurity and became leader of the Lower Creek Indians. He was awarded the rank of Brigadier General in the U.S. Army due to his friendly demeanor toward the Americans during the War of 1812. McIntosh's greatest service to Georgia was his influence in getting the Lower Creek Indians to assent to the famous treaty of Indian Springs during 1825 which opened land for settlement which became Muscogee County and later a part of Harris County. By the Treaty of Indian Springs, Indian lands were ceded to Georgia and the Creek Indians moved across the Chattahoochee River to Alabama.

Harris County was created during December 1827 by an act of the Georgia General Assembly and assented to by Governor John Forsyth. The county was formed from portions of Muscogee and Troup counties. Georgia's 71st county, with an area of 465 square miles, was named for Charles Harris (1772-1827), a distinguished Savannah attorney who was born in England, educated in France, and immigrated to the United States in 1788 at the age of 16. He traveled to Savannah to study law. While living in Savannah, he served as mayor of the city. Mr. Harris died on March 13, 1827 and is buried in the old Colonial Cemetery in Savannah.

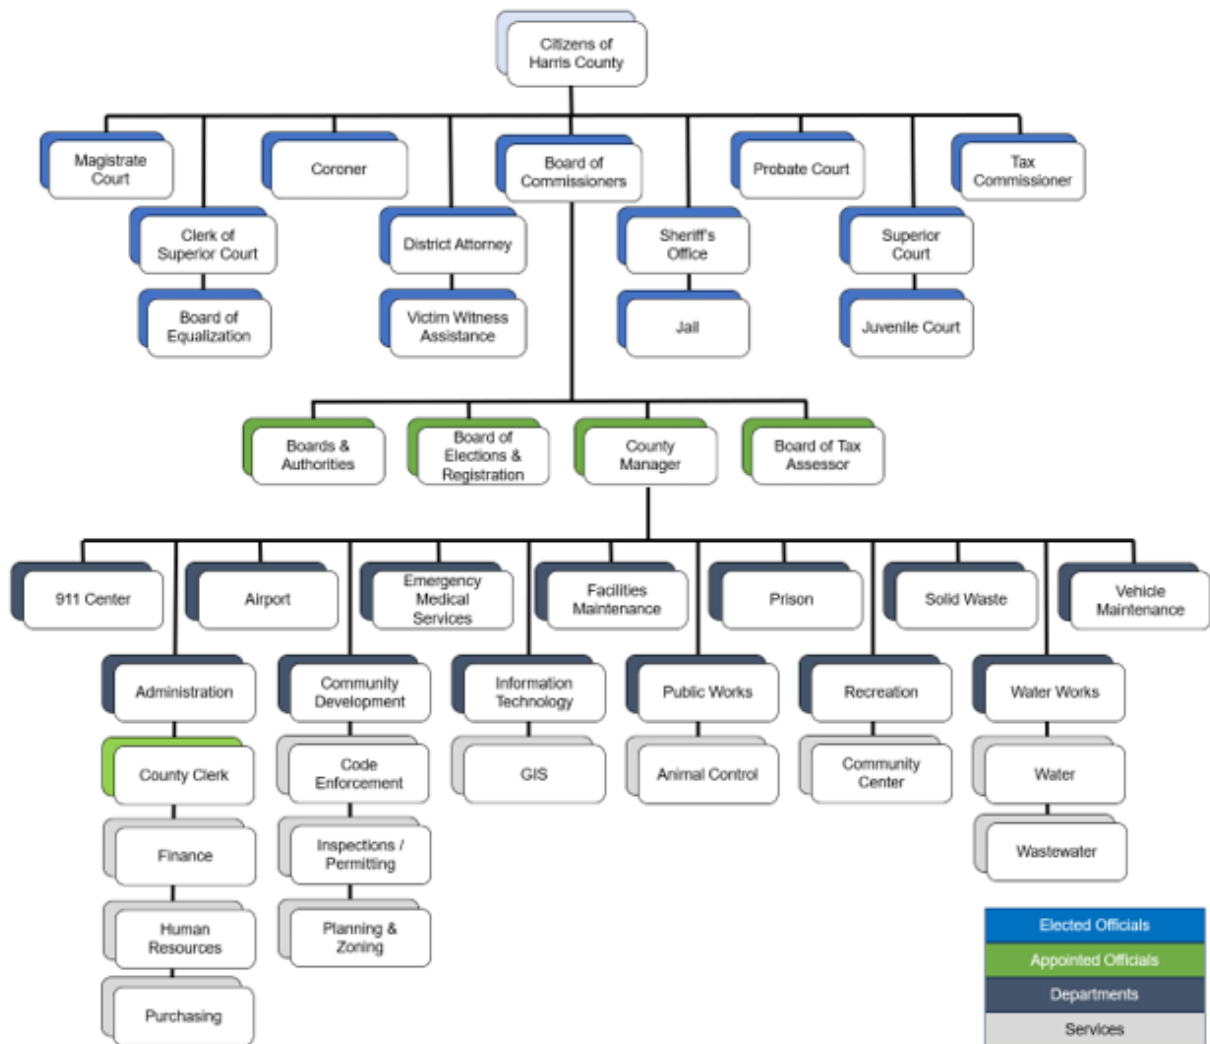

Harris County built its first courthouse in 1831 in Hamilton, the county seat that was incorporated in December 1828. The present courthouse was planned and a construction contract for \$35,000 was let on October 7, 1907, the cornerstone made of white Tennessee marble was laid on January 25, 1908, the building was formally accepted on May 22, 1908, and the first court was conducted in the new courthouse on June 1, 1908. The courthouse was renovated during 1986-87 to include new electrical wiring, ceilings, roof, insulation, HVAC systems, handicap access, storm windows, carpeting, paint, and new telephone system. A new courthouse wing consisting of an additional 25,000 square feet was added during 1998-99. The main courtroom in the 1908 courthouse was renovated during 2002.

Harris County is also notable for being the first county in Georgia to have a commission form of government and having a U.S. Navy ship named for the county. During 1869, the Georgia General Assembly approved a local act creating a three-member Board of Commissioners of Roads and Revenues with more counties using this form of government in subsequent years. Today, the county has a commission-manager form of government whereby the elected and part-time Board of Commissioners appoints a full-time county manager to run the day-to-day operations of the county government. The USNS *Harris County* was built and commissioned during 1944 as a tank landing ship for World War II. The 328-foot diesel powered ship with a complement of 8-10 officers and 89-100 enlisted men and a troop capacity of 130 participated in the Battle of Okinawa during April 1945 and saw action in the Korean War from 1950 to 1953 and the Vietnam War during 1954. The ship was also used in Arctic operations from 1955 to 1956 and Pacific Ocean operations from 1956 to 1976 when it was sold to the Philippine Navy during September 1976 and renamed the *Aurora*. During the 1980s, the ship was decommissioned from the Philippine Navy and probably sold for scrap.

Harris County has retained its rural charm throughout the years and is home to Callaway Gardens, F.D. Roosevelt State Park, Lake Harding, and many other recreational amenities.

MEMORANDUM

To: Board of County Commissioners
Subject: FY 2023-24 Proposed Annual Budget
Date: May 2, 2023

Presented herewith in accordance with section 36-81-(1-6) of the Official Code of Georgia Annotated is the FY 2023-24 proposed annual budget. This budget represents the proposed plan for providing needed county services for the upcoming fiscal year that begins July 1, 2023 and ends June 30, 2024. The proposed budget contains the collective input from all county department directors, elected officials, and outside agencies.

The budget message that follows touches on several topics including the current local economic climate that this budget was prepared, a budget overview of all funds/departments and their major or new expenses that are being proposed for the upcoming fiscal year, interfund transfers, FY 2023-24 capital projects that are being proposed, the County Manager's proposed budget reductions, long term debt schedule, a host of relevant statistical information to show historical economic trends, an explanation of how the approved budget can be amended during the fiscal year to meet changing governmental needs, and a predicted outlook for FY 2024-25.

Current Local Economic Climate

The FY 2023-24 proposed budget was prepared during uncertain economic times with the continued fallout of the COVID-19 global pandemic, high inflation rates, elevated home mortgage rates, global supply chain issues, labor shortages, less federal assistance, and generally excessive prices. Also, during this time, local sales tax collections and property values have increased. The sales tax collection increase is due primarily to recent state law changes that captured sales taxes on internet purchases that are delivered locally. The property value increase is based on actual property sales data. This high level of uncertainty combined with the following current local and national economic statistics were considered when preparing this proposed budget:

- The county's population increased from 32,024 in 2010 to 36,276 in 2022, an increase of 13.2%. From 2020 to 2022, the population increased from 34,668 to 36,276, an increase of 4.6%.
- The county's single-family home building permits and their values have been increasing over the previous several years but are beginning to slow down.
- The county's solid waste tonnage collections have been increasing over the previous several years. The county is now collecting about 20,000 tons of solid waste per year as compared to 19,718 tons during the previous fiscal year, an increase of 1.4%.
- Water Works active customers have been increasing over the previous several years. This department is now servicing about 9,300 customers per year as compared to 9,117 customers during the previous fiscal year, an increase of 2.0%.

BUDGET MESSAGE

Current Local Economic Climate *(continued)*

- Sales tax collections including LOST, SPLOST, and TSPLOST have all been increasing for the previous few years.
- Since 2015, the county’s tax digest value has been increasing. The tax digest increased from \$1,205,667,300 in 2015 to \$1,751,262,564 in 2022, an increase of 45.2%. The 2023 tax digest value is projected to increase further based on recent property sales.
- Since 2018, the county’s unrestricted General Fund fund balance has been increasing. This fund balance increased from \$7,912,281 in 2018 to \$22,284,781 in 2022, an increase of 181.6%.
- The county’s property tax millage rate of 6.14 has remained unchanged since 2008. The millage rate increased to 8.64 in 2017, decreased to 8.63 in 2018, increased again to 9.38 in 2019, and decreased to 9.13 in 2022.
- The current local unemployment rate is 3.0% as compared to the state rate of 3.1% and the national rate of 3.5%.
- The national rate of inflation has been low for several years averaging about 1.3% in 2016, 2.1% in 2017, 2.4% in 2018, 1.8% in 2019, and 1.2% in 2020. However, during 2021, the national rate of inflation jumped to 4.7% and further increased to 8.0% during 2022. The rate of inflation for the first quarter of 2023 is 5.8%.

Budget Overview

The county’s all-fund proposed budget for FY 2023-24 totals \$56,677,309, a decrease of \$12,294,489 (-17.8%) from the previous fiscal year’s amended budget. The proposed budget contains a 3.5% cost-of-living-allowance effective July 1, 2023 and a 1% longevity allowance effective on the employee’s anniversary month at a cost of approximately \$800,000. To keep the employee health care cost as reasonable as possible, the county’s health care broker sought competitive proposals. Based on that process, the health care broker and county staff are recommending changing from United Health Care to Cigna with minimal plan changes and bundling health, dental, and vision all under Cigna. Changing health care providers still results in an 11% increase in health care costs. In addition, dependent health coverage is budgeted to be about 60%. The proposed budget does not contain a millage rate increase but assumes the millage rate will not be rolled back. The entire budget, which is prepared on a cash basis of accounting as opposed to the modified accrual basis that the annual audit is prepared, is detailed by Fund as follows:

Statistical Information

The budget contains a host of relevant statistical information to show historical economic trends.

Budget Amendments

After the annual budget is approved, it can be amended during the fiscal year to meet changing governmental needs by a majority vote of the Board in a public meeting to increase departmental appropriations using appropriate revenue sources such as reserves, awarded grants, or other sources.

Looking Forward to FY 2024-25

Looking forward to next fiscal year, county staff is projecting another uncertain year due to high inflation rates, elevated home mortgage rates, global supply chain issues, labor shortages, less federal aid such as CARES and ARP grant funds, generally excessive prices, and general global unrest. Staff has spotlighted several issues that will need attention in upcoming years including updating the county-wide 911 radio system, increasing water and sewer capacities, updating/modernizing the county's code of ordinances that are extremely out of date, implementing a county-wide modern electronic records management system, and adding more park and recreational facilities to satisfy a growing population. County staff will closely monitor sales tax collections, building permits issuance, hotel/motel tax revenue, alcohol beverage excise tax revenue, business license issuance, property tax collections, and the local unemployment rate and adjust county spending accordingly.

TSPLOST – 2023 FUND

FUND PROFILE

A regional referendum was held during May 2022 to determine if the voters of the 16 county River Valley Regional Commission (RVRC) District, that includes Harris County, wanted to continue the 1% Transportation Special Purpose Local Option Sales Tax (TSPLOST) for another ten-year period to raise funds for regional and county-wide transportation improvement projects. During the referendum, 60,452 citizens voted – 33,656 (55.7%) for the TSPLOST and 26,796 (44.3%) against. In Harris County, a total of 8,230 citizens voted – 3,878 (47%) for the TSPLOST and 4,352 (53%) against. Since the regional referendum was approved by a majority of the region, the TSPLOST went into effect on January 1, 2023 and will continue until December 31, 2032. This Fund is used to account for the local portion of TSPLOST-2023 proceeds and ensure that these funds are used for the intended purposes.

RAILS TO TRAILS PROJECT FUND

FUND PROFILE

The Board of County Commissioners purchased 21.5 miles of abandoned gravel rail line beginning at the Meriwether County line and extending to the Columbus-Muscogee County line from Georgia Southwestern Railroad during 2008. The total cost to acquire this abandoned gravel rail line was \$300,000 with the county funding half and Callaway Gardens funding half. The purpose of this purchase was to eventually develop the abandoned gravel rail line into a paved pedestrian walkway to provide county-wide outdoor recreational opportunities including walking, jogging, running, and bicycling. So far, 13.5 miles of this trail called, the Man O' War Railroad Recreation Trail, have been paved. TSPLOST-2023 (state portion) will pave the remainder of the gravel rail line to the Muscogee County line beginning 2026 and 2027. This Fund is used to account for funding sources and expenses to ensure they are used to improve this abandoned rail line.

SOLID WASTE FUND

FUND PROFILE

The Solid Waste Enterprise Fund is responsible for collecting residential and commercial solid waste on a weekly county-wide basis. The waste is collected curbside by county forces and inmate labor and transported to the county's transfer station. The waste is then transported and disposed of in a certified MSW landfill by a private contractor. This department also operates three manned collection sites for county residents' use, maintains the permanently closed landfill, and performs recycling services. This Fund generates revenue from a fee placed on the annual tax bills and tipping fees.
